

Phil™ TRACK COGS

- *Phil* Wood & Co. stainless steel track cogs are available in 3/32" and 1/8" widths.
- *Phil* Track Cogs are available in sizes from 12 to 22 teeth.
- Threading on the cog is 1.370" x 24 tpi.
- Phil Track Cogs are manufactured from solid stainless steel bars.
- During our manufacturing process they are heat-treated 3 separate times.
- Prior to packaging the cog, each cog is handled 7 individual times during the manufacturing process.
- To show the cog is not plated, we polish and laser etch the outer face of the cog and leave the inside face in its "natural" state.

Part #		Description	gm	
3/32"	1/8"		3/32"	1/8"
<i>Triple Heat-Treat Stainless Steel</i>				
TCS312	TCS112	12 Teeth	24.	27.0
TCS313	TCS113	13 Teeth	30.0	34.0
TCS314	TCS114	14 Teeth	35.8	41.7
TCS315	TCS115	15 Teeth	41.5	49.8
TCS316	TCS116	16 Teeth	47.7	59.9
TCS317	TCS117	17 Teeth	55.2	68.0
TCS318	TCS118	18 Teeth	62.5	78.0
TCS319	TCS119	19Teeth	71.4	89.7
TCS320	TCS120	20 Teeth	78.7	100.1
